

B2B Credit Buyers Registry: 50 Target Mitigation Clients

Blue Ridge Stream Restoration & Mitigation LLC

Founder & Managing Director: Hunter (Fly Fishing Georgia North Mountains)

Co-Founder & Board Member: Hadi Irvani (General Partner at Infill Capital Partners, University of Virginia - UVA)

Strategic Advisor & Sponsor: Hill Hardman (Granite Holdings)

Ultimate KPI: Fund world-class fly fishing trip to Argentina!

This registry contains **50 highly qualified target clients** active in Georgia and the Southeast who purchase compensatory stream mitigation credits to satisfy Clean Water Act Section 404 permits and Georgia EPD Stream Buffer Variances.

Hunter should target these entities using our B2B sales templates to offer Priority 1 coldwater stream mitigation credits generated at Anderson Creek (Roya's Cabin) or site-specific Permittee-Responsible Mitigation (PRM) design-build services.

■ ■ Category 1: Industrial & Logistics Developers (Massive Flat Footprints)

These developers build massive warehouse distribution centers (100,000 to 1,000,000+ sq ft). Because of their extensive flat footprints, they frequently fill, pipe, or divert headwater streams, requiring tens of thousands of compensatory credits.

1. Taylor Mathis (Mike Irby)

- *HQ:* Atlanta, GA
- *B2B Profile:* Active developer behind major Southeast logistics nodes. Developer of the Longacre Logistics Center (USACE Permit **SAS-2022-00219**, Georgia EPD Buffer Variance **BV-067-23-03**). High-priority credit buyer.

2. Sefried Industrial Properties

- *HQ:* Atlanta, GA & Dallas, TX
- *B2B Profile:* National industrial powerhouse active in North Georgia (I-85 and I-985 corridors). High credit buyer for master-planned logistics parks.

3. Ray Weeks Properties

- *HQ:* Atlanta, GA
- *B2B Profile:* Long-standing commercial industrial developer focused on bulk distribution warehouses in regional basins.

4. Saltbox (Maxwell Bonney)

- *HQ:* Atlanta, GA

- *B2B Profile:* Innovator in co-warehousing spaces. Frequently develops flex-warehouses needing buffer variances and stream mitigation offsets.

5. Prologis (Southeast Division)

- *HQ:* Atlanta, GA / San Francisco, CA
- *B2B Profile:* The largest global industrial logistics developer. Manages massive multi-phase business parks in Gwinnett, Jackson, and Hall counties, impacting Coosa and Chattahoochee basins.

6. Crow Holdings Industrial

- *HQ:* Atlanta, GA
- *B2B Profile:* Prominent industrial acquirer and developer. Actively builds logistics facilities along regional transportation corridors.

7. Duke Realty (Prologis)

- *HQ:* Atlanta, GA
- *B2B Profile:* Massive regional industrial landlord. Frequently executes logistics campus layouts that impact stream buffers.

8. Trammell Crow Company (Atlanta Office)

- *HQ:* Atlanta, GA
- *B2B Profile:* Institutional developer executing speculative industrial developments needing complex CWA 404 permits.

9. Core5 Industrial Partners

- *HQ:* Atlanta, GA
- *B2B Profile:* Fast-growing logistics developer with multiple active parks along the Atlanta metro outer ring, heavily impacting headwater tributaries.

10. Exeter Property Group (EQT Exeter)

- *HQ:* Atlanta, GA
- *B2B Profile:* Private equity real estate firm developing high-volume logistics and e-commerce fulfillment centers across the Southeast.

■ Category 2: Mixed-Use, Retail, & Commercial Developers (Stream Piping)

Mixed-use and retail developers frequently pipe streams to maximize parking lot grid layouts and build commercial shopping spaces.

11. Fuqua Development (Jeff Fuqua)

- *HQ:* Atlanta, GA
- *B2B Profile:* Elite mixed-use and retail developer. Highly active in urban and suburban infill sites. Frequently faces stream piping hurdles requiring large credit offsets.

12. North American Properties (NAP - Atlanta)

- *HQ:* Atlanta, GA
- *B2B Profile:* Developer of massive regional town centers (e.g., Avalon, Colony Square). High-budget buyer for pristine bioengineered landscaping and buffer offsets.

13. **Selig Enterprises**

- *HQ*: Atlanta, GA
- *B2B Profile*: Historic commercial real estate developer managing large retail, commercial, and mixed-use portfolios across the Southeast.

14. **Portman Holdings**

- *HQ*: Atlanta, GA
- *B2B Profile*: Institutional developer focusing on high-density office, hospitality, and mixed-use complexes.

15. **Cousins Properties**

- *HQ*: Atlanta, GA
- *B2B Profile*: Premier office REIT developing class-A commercial properties in Atlanta's submarkets, impacting local metropolitan headwaters.

16. **The Jacoby Group**

- *HQ*: Atlanta, GA
- *B2B Profile*: Pioneer in large-scale brownfield redevelopments (e.g., Atlantic Station). Frequently manages heavy civil sites with complex stream restoration needs.

17. **Greenstone Properties**

- *HQ*: Atlanta, GA
- *B2B Profile*: High-end commercial office and retail developer active in high-growth suburban counties.

18. **Halpern Enterprises**

- *HQ*: Atlanta, GA
- *B2B Profile*: Specialist in neighborhood retail shopping centers, frequently developing adjacent to stream buffers.

19. **Paces Properties**

- *HQ*: Atlanta, GA
- *B2B Profile*: Boutique commercial and retail developer focused on adaptive reuse and high-concept food hall/entertainment developments.

20. **Brand Properties**

- *HQ*: Lawrenceville, GA
- *B2B Profile*: Deeply rooted in Gwinnett and North Georgia, developing class-A office and multi-family sites impacting the Upper Chattahoochee basin.

■ Category 3: Large-Scale Residential & Subdivision Builders (Stream Crossings)

Residential builders construct subdivisions spanning 50 to 500+ homes. They frequently cross stream corridors with sewer lines, storm drains, and access roads.

21. **PulteGroup (Georgia Division)**

- *HQ*: Atlanta, GA
- *B2B Profile*: Top-tier national homebuilder. Constantly acquires large suburban and exurban tracts in Cherokee, Forsyth, and Hall counties, impacting local tributaries.

22. Lennar Homes (Atlanta Division)

- *HQ:* Atlanta, GA
- *B2B Profile:* Active master-planned community builder. Frequently pipes minor intermittent streams and builds road bridges over creek corridors.

23. D.R. Horton (North Georgia Team)

- *HQ:* Alpharetta, GA
- *B2B Profile:* The largest homebuilder in the U.S. by volume. Actively develops entry-level and mid-market subdivisions across North Georgia watershed basins.

24. Century Communities (Atlanta Region)

- *HQ:* Norcross, GA
- *B2B Profile:* High-volume subdivision builder requiring stream credits to clear CWA Section 404 General Permits.

25. Ashton Woods Homes (Atlanta division)

- *HQ:* Roswell, GA
- *B2B Profile:* High-end homebuilder developing premium communities. Frequently integrates restored streams as community amenities.

26. Smith Douglas Homes

- *HQ:* Woodstock, GA
- *B2B Profile:* Fast-growing residential builder focused on North Georgia. High volume of local projects crossing small Coosa and Etowah basin streams.

27. Toll Brothers (Georgia Division)

- *HQ:* Atlanta, GA
- *B2B Profile:* National luxury homebuilder. Develops high-value, low-density subdivisions in North Georgia mountain and lake regions.

28. Meritage Homes (Atlanta division)

- *HQ:* Atlanta, GA
- *B2B Profile:* Leader in energy-efficient home subdivisions, active in major suburban corridors.

29. Beazer Homes (Georgia Team)

- *HQ:* Atlanta, GA
- *B2B Profile:* Active multi-state residential developer building large-scale subdivisions in high-runoff Piedmont soils.

30. John Wieland Homes & Neighborhoods

- *HQ:* Atlanta, GA
- *B2B Profile:* High-end regional neighborhood developer, frequently incorporating extensive environmental landscaping.

■ Category 4: Public Infrastructure, Utilities, & Civil Public Works (Linear Impacts)

Linear projects (power lines, sewer corridors, road widening) have extensive, unavoidable stream crossings.

31. Georgia Department of Transportation (GDOT)

- *HQ*: Atlanta, GA
- *B2B Profile*: The largest single consumer of stream and wetland mitigation credits in Georgia due to massive road widening, bridge replacements, and highway corridor construction.

32. Georgia Power Company (Environmental Affairs)

- *HQ*: Atlanta, GA
- *B2B Profile*: Clears massive transmission line corridors and builds substations. High-volume, reliable credit buyer for permanent utility crossings.

33. Georgia Transmission Corporation (GTC)

- *HQ*: Tucker, GA
- *B2B Profile*: Non-profit cooperative planning transmission infrastructure across Georgia's EMC service territories. Frequent corridor builder.

34. Metropolitan Atlanta Rapid Transit Authority (MARTA)

- *HQ*: Atlanta, GA
- *B2B Profile*: Public transit infrastructure developer. Purchases regional credits to offset rail line expansions and depot construction.

35. Atlanta Department of Watershed Management

- *HQ*: Atlanta, GA
- *B2B Profile*: Manages municipal sewer and water systems. Pipelines frequently impact stream banks, requiring buffer variances and credits.

36. Cobb County Water System (Engineering Division)

- *HQ*: Marietta, GA
- *B2B Profile*: Manages county-level wastewater trunk line sewer expansions along stream valleys.

37. Gwinnett County Department of Water Resources

- *HQ*: Lawrenceville, GA
- *B2B Profile*: Major municipal water utility executing large-scale water treatment, intake, and sewer line capital improvements.

38. DeKalb County Department of Watershed Management

- *HQ*: Decatur, GA
- *B2B Profile*: Focuses on massive consent decree sewer restorations impacting urban and suburban stream buffers.

39. Cherokee County Water and Sewerage Authority (CCWSA)

- *HQ*: Canton, GA
- *B2B Profile*: Regional utility managing utility corridors in the fast-growing Etowah basin.

40. Forsyth County Water & Sewer Department

- *HQ*: Cumming, GA

- *B2B Profile*: Manages infrastructure in the high-growth GA-400 corridor, heavily impacting the Upper Chattahoochee basin.
-

■ Category 5: Civil Engineering Consultants & Broker Advocates (B2B Intermediaries)

These firms do not buy credits for themselves, but they act as B2B advocates, recommending credit brokers and PRM design-builders to their developer clients.

41. Transwestern (Jack Chapman)

- *HQ*: Atlanta, GA
- *B2B Profile*: Elite global real estate brokerage. Jack Chapman is a key transactional broker connecting logistics land buyers with credit availability.

42. Stream Realty Partners (Atlanta Land Team)

- *HQ*: Atlanta, GA
- *B2B Profile*: Commercial real estate powerhouse. Advises logistics and commercial developers on site feasibility, including stream credit liabilities.

43. Steven Bridges (Civil Engineering & Site Advocacy)

- *HQ*: Atlanta, GA
- *B2B Profile*: Leading civil engineering advisor who represents private developers before USACE and EPD. High-value referral source.

44. Kimley-Horn and Associates (Southeast Land Development)

- *HQ*: Atlanta & Alpharetta, GA
- *B2B Profile*: The premier land development engineering firm. Recommends mitigation credit sources to almost every major developer in the region.

45. Eberly & Associates (Civil Engineers)

- *HQ*: Atlanta, GA
- *B2B Profile*: Prominent civil design consultants who design major industrial and commercial layouts in Georgia Piedmont soils.

46. Pond & Company (Infrastructure Engineering)

- *HQ*: Peachtree Corners, GA
- *B2B Profile*: Leading design firm executing GDOT road designs, defense installations, and utility infrastructure requiring environmental offsets.

47. Gresham Smith

- *HQ*: Alpharetta, GA
- *B2B Profile*: Regional transportation, water resource, and industrial architecture engineering firm.

48. Dewberry (Environmental & Water Resources Division)

- *HQ*: Atlanta, GA
- *B2B Profile*: National engineering consulting firm heavily involved in federal, state, and municipal watershed mapping and utility design.

49. McKim & Creed (Wastewater & Water Engineering)

- *HQ*: Alpharetta, GA
- *B2B Profile*: Specialists in survey, civil engineering, and utility modeling with extensive linear environmental permitting expertise.

50. **Broyhill & Associates (Commercial Real Estate Brokers)**

- *HQ*: Blue Ridge, GA
- *B2B Profile*: Leading mountain land broker. Connects mountain tract developers and estate buyers with local permitting and buffer mitigation resources.
